

Let's talk about love and how it crushes me
D G A D G A
D Bm Em A D G A

Let's talk about how many times you let me down
D G A D G A
Kicked around, street corners and rain clouds
D Bm Em A D G A

Lame excuses like "caught on the wrong side of town"
Em F#m Bm Em
You gave me your all, sticky moments on back seats
Em Asus2 A

Hot nights with a bottle trying our damndest to sin
Em F#m Bm Em

Just to take it away without any warning
Em Asus2 A

I unplug the telephone and wonder why it don't ring

You left me crying in the dark and made the world seem such a scarlet place
D F#m Bm G
D Bm Em G

That I could only dream about and wish that I was there

If I close my eyes and drift there are pictures, fading photographs of magic
D F#m Bm G D
Bm Em G D

I remember, when I was in control and in your care

Let's talk about joy and what I recall of it
D G A D G A
D Bm Em A D G A

Let's count them on one hand and know it was almost enough

Oh I know you laid plans, traps for your suitors
D G A D G A
D Bm Em A D G A

Beaten, exhausted, I gave up the fight for your love
Em F#m Bm Em

But you let me down when you feared I would fly away
Em Asus2 A

The destruction of Icarus, too close to the sun
Em F#m Bm Em

Now everything's cold, the myth's a reality
Em Asus2 A

Crippled and flightless, the damage is done

You left me crying in the dark and made the world seem such a scarlet place
D Bm Em G

That I could only dream about and wish that I was there

If I close my eyes and drift there are pictures, fading photographs of magic
D F#m Bm G D
Bm Em G D

I remember, when I was in control and in your care

I'd like to think you almost feared to walk away and leave me here
E^m **F#^m**
You never turned 'round and fought back tears
G **A** **G** **F#^m** **B^m** **Em** **A**
I know 'cos I watched you 'til you had disappeared

G **F#^m** **B^m** **Em** **G** **A**
You left me

You left me crying in the dark and made the world seem such a scarlet place
D **B^m** **E^m** **G**
That I could only dream about and wish that I was there
D **F#^m** **B^m** **G** **D**
If I close my eyes and drift there are pictures, fading photographs of magic
